

MOTORCYCLE SERVICE AGREEMENT

BENEFITS OF COVERAGE

COVERAGE FOR OVER 1,100 PARTS²

EXPENSE REIMBURSEMENT PACKAGE

If you have a covered breakdown while on the road, you'll receive up to \$200 for roadside assistance and towing, up to \$75 for battery services, delivery service, or Mechanical assist, up to \$100/day (\$800 maximum) for a rental vehicle, or up to \$150/day (\$450 maximum) for meals and lodging.

MINIMIZE UNEXPECTED REPAIR COSTS

A \$0 deductible per claim is all you pay for a covered repair - and no deductible for Expense Reimbursement benefits.

CONTRACT TRANSFER

Transfer any remaining coverage to the next owner should you sell your bike. This can easily increase resale value.

FUTURE CONTRACT GUARANTEE

Allows you to extend your contract coverage for up to 7 additional years (subject to current underwriting guidelines).

OPTIONAL TIRE AND WHEEL COVERAGE

For an additional surcharge, this coverage will replace your tires and wheels if damaged by a road hazard.

²Not all parts and services are covered. See your agreement for specific coverage, exclusions and restrictions, which are subject to change.

TYPICAL REPAIR COSTS¹

¹Listed repair costs are national averages based on actual claims.
