The above list includes the main portions of the house. However, do not forget other areas, such as the closets, basement, attic, garage, porch/patio, work room and shed. When reviewing these areas, be sure to document all items stored in these areas.

Once you have completed your home inventory, check with Downeast Insurance to determine your available coverage and what, if any, additional coverage you may need. Remember to store this list in a safe place away from your home. Visit www.InsureUonline.org for disaster preparedness tips.

Natural disasters can strike anywhere at any time. That is why it's important to have a room-by-room inventory of your home. A home inventory - along with photos and proof of ownership - will make it easier to file an accurate, detailed insurance claim in case your home is damaged or destroyed in a disaster.
